Grant Brown, Esq.,

Caledonia.

Dear Mr. Brown:

I am very glad to know both from your letter and from Professor Milner that you are recovering so wonderfully, and I hope that this is a sign of eventual return to complete health. In these circumstances I think that it would be well for us not to remove your name from our University roll, and if you do not strongly urge to the contrary I shall advise the Governors, when they are drawing up the estimates for the new year, still to retain you on the staff so that we may perhaps in another year find you well enough for the resumption of your duties. You have gone through a severe trouble and your troubles did not come singly, but I hope now you are getting past the worst of them.

Yours sincerely,

President.
